PROFILE SUMMARY

Seeking a Full Stack Developer role to advance my career. Recently completed a Full Stack MERN internship, gaining hands-on experience in building scalable web applications and managing projects from start to finish. Proficient in the MERN stack (MongoDB, Express.js, React, Node.js) and committed to staying updated with industry trends for innovative solutions.

EDUCATION

GF's Godavari College of Engineering (Dbatu,lonare)   **Jalgaon, Maharashtra**
B.Tech in Computer Engineering   Expected Graduation, June 2025
CGPA: 7.2

SKILLS

Programming: Python, JavaScript, HTML/CSS, SQL, Node.js, Express.js, React.js, Tailwind CSS

PROJECTS

VideoTube with Authentication (Source)   **April 2024- Current**
Tools: React, Express Js , Redux, Tailwind CSS.
A full-featured ViteoTube application enabling users to register, authenticate, and manage their Video posts seamlessly.

- Developed the front-end using React, creating a responsive and intuitive user interface.
- Implemented user authentication and authorization, ensuring secure access to the application.
- Managed the backend entirely with Node.js and Express.js, handling data storage, retrieval, and user management efficiently.
- Utilized Redux for state management to ensure consistent and predictable application state.

Write Story (Blog application) Live Application   Source   Aug 2024

- Developed the Full Stack Application (MERN) with fully responsive design.
- Implemented user Authentication and CRUD operation for user blogs with comment and like functionality.

NoteBook   Live Application   Source   Feb 2024 – April 2024
Tools: React, NodeJs , ExpressJs , MongoDB, Bootstrap.
A sleek and intuitive web application allowing users to manage their notes efficiently, leveraging secure user authentication.

- Developed the front-end using React, ensuring a responsive design that works seamlessly across desktops, tablets, and mobile devices.
- Added CRUD operation for user.
- Utilized Context Api for state management to ensure consistent and predictable application state.

EXPERIENCE

Intern at Webstack Academy (Source)   **July 2024 – Aug 2024**

- Developing FoodOrdering web Application using Mern(MongoDB,ExpressJs,ReactJs,NodeJs) Stack.
- Implemented User Authentication for Secure access to application.

EXTRACURRICULAR ACTIVITIES

- Stack Hack Hackathon – Full Stack Developer (Aug 2024)
  Developed a **Movie Ticket Booking** MERN stack app with a team of four. Managed the **backend development** and **frontend-backend integration**. (Live)

CERTIFICATION

- Earned a certification in JavaScript, ReactJs by Infosys Springboard.
- Earned a certification in Frontend Developer (React) by Hacker Rank.
